## Membership Application for New Officials

The CRAOA trains and supports officials in working in High School Football and Basketball. New members are always welcome—with or without experience! Complete the following form and return the form to the Secretary's office for completion of registration records.

The training process generally begins for new Football members in mid-to-late July. New Basketball members begin the process in mid-to-late September of each year. Interested first-time officials should be in contact with us before those months.

All officials will pay the basic fee of \$35.00, which will include one activity and one dinner. Each additional activity will command a \$10.00 fee with all fees being applied through the year ending July 31. These fees will include access to Hudl, a website used by many local schools to share game film.

Re-registration for all officials is due August 1, annually. The registration fee may be paid without penalty if received in the Secretary's office before August 1. Registration received after August 1 will include a late-fee of \$5.00 per month. Your name will not appear on the roster if your fees are not paid by the required date. (First-time members can apply at any time, but preferably prior to the beginning of each sport's training season.)

Electronic Payments can be made on <http://craoa.com> using PayPal. Please make sure the email address you send payment from is included on this form. (An additional fee will be applied to electronic payments at checkout to cover processing costs.) Checks can be mailed as noted below.

Game assignments are made from the member officials attending the rule meetings during the current year!
